Industry training

As a partial fulfilment of the requirements of the B.Pharm course every student undergoes practical training in Pharmaceutical Manufacturing House/ Approved Hospital / CSIR research laboratories for a period of not less than one hundred and fifty hours to be covered in not less than 45 days after completing III B.Pharm They are trained in different areas of Industry such as production, quality control, research and development, packaging and documentation. They get an opportunity to learn operating machines, sophisticated analytical instruments, GMP, GLP etc. Most of the time, good performers in the training get placement in the same industry because it cuts short the duration of induction of new recruits

The student submits two copies of the training report duly certified by the authorities of the organization in which he has undergone training should be submitted to the Institute. The report covers organizational details, general working, products, manufacturing, research and development, marketing and observations made by the candidate in not more than 60 pages typed on one side of A4 sheet (8.27"x11.69"), with a cover page mentioning the name of project / student, register number, and college name as specified by the University.

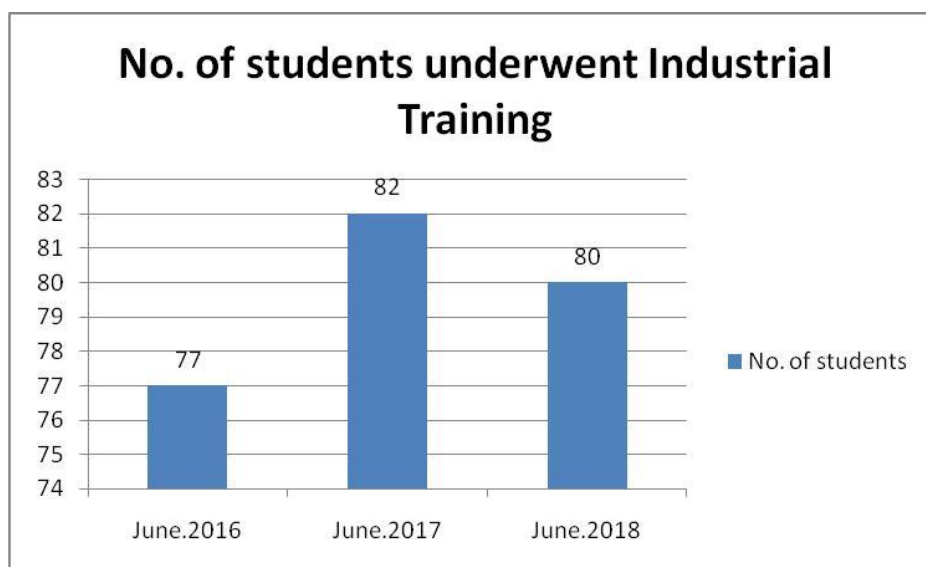

Table 2.2.4 (b) B.Pharm students who underwent industrial training

Sl. No.	Month and year of Pass in final year	No. of students
1.	June 2016	77
1.	June 2017	82
1.	June 2018	80
